University

Cambridge & Chelmsford

ANNUAL REPORT & ACCOUNTS 2008 - 2009

Introduction

The experienced reader of Annual Accounts will see from this set of accounts that Anglia Ruskin University remains in good financial health notwithstanding a number of government-led body blows to our finances in the course of the last financial year. Thankfully we have continued to meet our own increasingly demanding income targets as set out in the Corporate Plan and that has meant that, unlike many universities in the country, we have been able to weather the storm without reductions in staffing numbers or alterations to our capital investment programme. Given that we are still a young University, this is strategically extremely important to us in that we need to continue to find the capacity to invest in our future from our balance sheet and hence to carefully control our expenditure in relation to our income. The latter is of course even more demanding than usual when the government response to the nation's straightened financial circumstances forces in-year alterations to planned government funding. Unfortunately already planned government cuts for the next financial year mean that we shall almost certainly have to join the majority and make some modest (3% to 4%) reductions in staffing costs during 2010 - we are holding our breath to see if things will get worse.

Two years ago we agreed our Vision for Anglia Ruskin University as a whole community:

- We are passionate about the advancement of knowledge and the education of students
- We take university education in imaginative new directions
- We are important to the region and want to be viewed in the UK and internationally as exceptional
- Our key contribution is to the enhancement of social, cultural and economic well-being.

We are very ambitious and, I believe, have the capability and capacity to achieve such an ambitious vision - indeed we have articulated in some detail in our Corporate Plan just how we anticipate getting there. Universities are no more or less than the people in them, the staff and the students. It is a privilege here at Anglia Ruskin University to be working among such a group of talented and committed staff and with a student population which is exceptionally broadly based in terms of ages and backgrounds and which is highly supportive of our efforts to develop and improve across the board.

Professor Michael Thorne BSc (Hons) PhD FIMA FBCS FRSA
Vice Chancellor

REPORT OF THE BOARD OF GOVERNORS for the year ended 31 July 2009

Progress and Performance

This year has been another year of very significant change under the leadership of our Vice Chancellor, Professor Michael Thorne. As we move forward on our ambitious agenda of development and progress, so we grow in strength, stature, and range of activities.

Certainly it has been a year during which we have worked with energy and determination on the activities which lie at the very heart of what universities are all about; equipping students with intellectual wherewithal which will serve them well throughout their professional lives and conducting research which brings benefit to both community and economy. In both of these core activities of transferring and creating knowledge, Anglia Ruskin University is fast gaining a reputation for itself as a university on the move, regionally, nationally and globally.

Our students

The total number of students registered with Anglia Ruskin University was 28,256 (20,093 full-time equivalent), including 1,891 (1,279 full-time equivalent) students who studied at our partner Colleges in the East of England. More than 2,300 of our students studied with partner institutions overseas. While we may be regionally located as a university, there can be little doubt that we are globally connected.

I am pleased to report that we achieved our student number targets for the year including the largest number of overseas students we have ever had on campus.

It gives me particular pleasure to note the firm foundations which we have put in place over this year to secure the rapid growth in our international student population which we have set as one of our ambitious corporate goals. I see a real need for universities to reflect fully the international matrix of the global economy into which we are now so inextricably interwoven, and note with considerable approval that we have welcomed students from some 200 countries worldwide. But

internationalism is more than simply the recruitment of international students, it is about constructing an international network of partner institutions around the world. Such global links bring very many positive benefits for all students and staff.

Our University is one of the largest in the East of England and is wholly committed to gaining a recognition for its activities which befits their scale. All too often in the past, I believe we have allowed modesty to triumph over recognition and failed to command the respect which the sheer scale of our operation merits. I note, for example, that we are one of the leading University providers of face-to-face, part-time higher education in the whole of the UK; while within the East of England, we are the largest provider of undergraduate courses in Subjects Allied to Medicine and in the subject area of Architecture, Building and Planning. Furthermore, within our region, we are the number one provider of nurses, midwives, teachers and other professionals such as chartered surveyors. Increasing awareness of the size, scope, quality and sheer dynamism of Anglia Ruskin University ranks among the Board's highest priorities in the future.

Building for the future

This year also saw the beginning of the transformation of our Cambridge Campus at East Road into a campus matched to the needs of the 21st century. This is a major undertaking, not only in terms of the level of spend at £40m but also in terms of effecting that scale of transformation on a working campus. While this project is by any measure a substantial one, I am pleased to say that it does not represent the final move in our developments in that historic university city. To that end, during the course of the year, we purchased additional land, at a cost of £2.9m, to ensure scope for future developments. In an important way, I see this as encapsulating what Anglia Ruskin University is about, demanding ambition in the here and now, harnessed to an unceasing quest for an even better future.

We have a joint venture arrangement with Peterborough Regional College (PRC) in the form of the University Centre Peterborough. In September 2009, we opened our new £10m purpose-built facility, created for the exclusive use of higher education students, at what is now Anglia Ruskin University, Peterborough.

The sale of the Central Campus in Chelmsford was completed on 18th December 2006 with the sale proceeds receivable in six annual instalments which commenced in December 2007. These capital receipts have made, and are continuing to make, a significant contribution to financing our capital programme.

Our Accounts

The Accounts comprise the consolidated results of the Higher Education Corporation (Anglia Ruskin University), its subsidiaries and associated company, its joint venture companies and the Anglia Trust. The subsidiary companies undertake complementary activities which, for legal or commercial reasons, are more appropriately channelled through limited companies. Such activities include conferences, short courses and consultancy for a wide range of commercial organisations, as well as property development and property management for Anglia Ruskin University.

Our results

Our results for the year to 31st July 2009 are summarised on page 5.

Our total income for the year increased by 14.6%. Our income now includes £8.3m for Ixion Holdings Ltd, a leading business and skills support provider who joined us in July 2008.

This is the third and final year of the new Government policy for variable tuition fees for full-time undergraduate UK/EU students. This has seen the regulated tuition fee increase from £1,125 to £3,225 which has brought in additional income of £3.8m. And it is particularly

pleasing to report an increase in our international fee income of £1.7m.

The historical cost surplus of £6.073m, before exceptional items, FRS 17 and property gains, is £4.573m better than the original budget.

The accumulated Income and Expenditure Account now stands at £44.931m (before the effect of FRS 17). Net assets increased by 14.9% to £95.548m (before the FRS 17 pension liability).

The exceptional items, a deficit of £2.841m, detailed in the following financial statements, is in respect of staff restructuring costs of £0.677m and a HEFCE Audit accrual of £2.164m, as detailed (right).

During June 2009, HEFCE performed an audit in respect of 2007-08 students who failed to hand in an assignment or sit an exam at the first due date. Where this occurs, without formal mitigation, the Funding Council will regard the student as non-completing for funding purposes and this may result in a potential overfunding for some students. Discussions continue with HEFCE, seeking confirmation of the full amount of grant which may be withheld as a result. A prior year adjustment of £2.106m has been reflected in the financial statements to account for the potential overpayment of 2007-08 HEFCE grant income. This has been accounted for within exceptional items, with an equivalent entry for a potential overpayment of £2.164m grant income for the year ended 31 July 2009. These amounts are categorised as a provision for liabilities and charges within the balance sheet as we have not yet agreed the extent of the liabilities with HEFCE. This is a sector-wide issue which will affect a number of universities.

These accounts provide for exceptional restructuring costs of £0.677m, being the latter stages of a carefully managed voluntary severance scheme approved by the Board. Overall, this produced net annual savings of £3.500m which started from 1 September 2007.

We account for our pension liabilities in accordance with the requirements of FRS 17 for our membership of the local government pension schemes. Figures provided by the Schemes' actuaries show

that the net deficit for the Group is £41.081m. This compares with £39.697m for 2008. Further details about the accounting treatment are given below:

OUR RESULTS	2008-09	As restated 2007-08
Income	£139.4m	£121.7m
Historical cost surplus before exceptional items, FRS 17 and property gains	£6.073m	£4.337m
Historical cost surplus/(loss) after exceptional items, FRS 17 and property gains	£0.094m	(£0.165m)
Accumulated historical cost surplus before FRS 17 reserve	£44.9m	£41.7m
Accumulated historical cost surplus after FRS 17 reserve	£3.9m	£2.0m
Net assets before FRS 17 pension liability	£95.5m	£83.2m
Net assets after FRS 17 pension liability	£54.5m	£43.5m
Net cash inflow from operating activities	£8.9m	£5.3m

HISTORICAL COST SURPLUS	2008-09 £m	As restated 2007-08 £m
Historical cost surplus after taxation and endowments	0.094	(0.165)
Adjusted for the following:		
Exceptional items (note 9)	2.841	2.660
FRS 17	3.138	1.842
Historical cost surplus before exceptional items, realisation of property revaluation gains and FRS 17	6.073	4.337

ACCOUNTING TREATMENT FOR FRS 17	2008-09 £m	As restated 2007-08 £m
Balance Sheet		
Net pension liability b/f	(39.697)	(19.769)
Net pension liability c/f	(41.081)	(39.697)
	(1.384)	(19.928)
Income & Expenditure Account		
Staff costs	(0.944)	(0.0280)
Staff costs – past service gain	(0.205)	(1.173)
Interest receivable	3.661	3.841
Interest payable	(5.650)	(4.482)
	(3.138)	(1.842)
STRGL*		
Actuary gain/(loss)	1.754	(18.086)
	(1.384)	(19.928)

* Statement of total recognised gains and losses
Further details can be found in the Accounts (see note 28).

Our Auditors

A resolution to re-appoint Scrutton Bland as Anglia Ruskin University's auditors was submitted to the Board of Governors on 23rd November 2009.

The Future

By any definition, the past year has seen the arrival of some extremely challenging issues on the higher education scene. What is for certain is that the sector as a whole, is confronting a future which will be remarkably different from the recent past.

We do not yet know the full scope of these challenges; nor do we know the extent to which those challenges may be refashioned following next year's general election. What we do know is that universities will have to navigate speedily and accurately across a much changed landscape if they are to prosper. Those which remain cumbersome and static will decline; those which are sure-footed, quick-thinking and agile, will enhance their reputation and grow their business. Doing what was done yesterday, but hoping for a different result, is an option only for the most foolhardy. And I am pleased to say that we are not numbered among their ranks.

Indeed, I am much heartened by what I have seen at Anglia Ruskin University during my relatively short time as Chair of the Board. Thankfully, we have the ingredients for success close to hand: an imaginative, innovative and ambitious, agenda well-articulated within our Corporate Plan; an energetic leadership of exceptional quality and perhaps above all, a committed and talented staff, both academic and administrative.

I am truly confident that we are well-matched to the tasks ahead and look forward to working with you all on them.

Kate Barker

Chair
23rd November 2009

CORPORATE GOVERNANCE for the year ended 31 July 2009

The following statement is provided to enable readers of the Annual Report and Accounts to obtain a better understanding of the governance and legal structure of Anglia Ruskin University.

Anglia Ruskin University endeavours to conduct its business in accordance with the seven principles identified by the Committee on Standards in Public Life (selflessness, integrity, objectivity, accountability, openness, honesty and leadership) and with the guidance to institutions of higher education which has been provided by the Committee of University Chairmen in its 'Guide for Members of Governing Bodies of Universities and Colleges in England, Wales and Northern Ireland'.

Anglia Ruskin University is an independent corporation, established as a Higher Education Corporation under the terms of the Education Reform Act 1988 and the Further and Higher Education Act 1992. Its objects, powers and framework of governance are set out in the Articles of Government which were approved by the Privy Council in April 1989. The current version of the Articles was approved by the Privy Council in April 1995.

The Board of Governors is the executive governing body, responsible for the finance, property and staffing of Anglia Ruskin University. It is specifically required to determine the educational character and mission of Anglia Ruskin University and to set its general strategic direction.

The Board has a majority of independent members, chosen in line with strict criteria contained in the legislation. It is customary for the Chairman of the Board to be elected from the independent members. There is also provision for the appointment of co-opted members, some of whom may be members of the staff of Anglia Ruskin University, and for representatives of the Senate and of the student body. No members of the Board receive any reimbursement for the work which they do for the Board.

Subject to the overall responsibility of the Board of Governors, the Senate has oversight of our academic affairs and draws its membership entirely from the staff and students of Anglia Ruskin University. It is particularly concerned with general issues relating to our teaching and research work. The Vice Chancellor is the head of Anglia Ruskin University who has a general responsibility to the Board of Governors for the organisation, direction and management of our University.

Under the terms of the formal Financial Memorandum between Anglia Ruskin University and the Higher Education Funding Council for England, the Vice Chancellor is the designated officer of Anglia Ruskin University and in that capacity can be summoned to appear before the Public Accounts Committee of the House of Commons.

The Board of Governors meets at least four times a year. During the year, average attendance at meetings was 89%. Whilst certain matters e.g. approval of the strategic plan and annual budget, major investments and the sale and purchase of land are reserved matters for the Board, much of its detailed work is initially handled by sub-committees, including a Finance and General Purposes Committee, a Remuneration Committee, a Nominations Committee, a Capital Projects Steering Group, an Employment Committee, a Student Matters Committee and an Audit and Compliance Committee. A significant proportion of the membership of these committees consists of independent and co-opted members of the Board of Governors, other than co-opted student and staff members, who are not eligible to serve on these committees, except for the Nominations Committee. The Student Matters Committee currently has a majority of student representative membership. The Chairman may be selected from the co-opted and independent members serving on the committees.

The Nominations Committee of the Board meets on a regular basis to consider the skills mix of existing Board Members and to identify criteria against which new Members should be recruited. The Committee meets with potential Board Members and reports are made as necessary to the Board of Governors which has responsibility for the appointment and re-appointment of Members.

Each Committee is required to undertake a periodic performance review and a full review of the Board and its activity is commissioned normally every two to three years.

As chief executive, the Vice Chancellor exercises considerable influence upon the development of our strategy, the identification and planning of new developments and the shaping of Anglia Ruskin University ethos. Other members of the Vice Chancellors Group all contribute in various ways to this aspect of the work, but the ultimate responsibility for what is done rests with the Vice Chancellor.

The Board Chair during the year 2008-09 was Ms Kate Barker. Ms Barker has been a member of the Bank of England's interest-rate setting Monetary Policy Committee since 2001. She is also a member of the Board of the Homes and Communities Agency. Her career includes periods as the chief European economist at Ford of Europe in Brentwood, and as chief economic adviser at the Confederation of British Industry.

Anglia Ruskin University maintains a Register of Interests of Board members which may be consulted by arrangement with the Clerk to the Board of Governors.

In accordance with the Articles of Government Mr S G Bennett has been appointed as Clerk to the Board and, in that capacity, he provides independent advice on matters of governance to all Board members.

Environmental Management and Sustainability

Anglia Ruskin University has implemented a variety of environmental initiatives over the last few years enabling us to achieve a fourth place ranking in the People and Planet's University Green League (Student pressure group).

We have also participated in the East of England's Business in the Community (BiTC) Environmental Index achieving a score of 62%. This is a commendable score for a new entrant into this corporate benchmarking tool and participated in this for 2008-09 on a national basis under the 'Universities that Count' scheme.

Risk Management and Internal Control

The Board is satisfied that Anglia Ruskin University has adequate resources to continue in operation for the foreseeable future; for this reason the going concern basis continues to be adopted in the preparation of financial statements. It acknowledges its responsibility for ensuring that an effective system of internal control is maintained and operated by Anglia Ruskin University.

The Board has established the processes to comply with the revised directions from HEFCE for the identification, evaluation and management of risks the University faces. The following is a full statement of Anglia Ruskin University's internal control and risk management policy that has applied during the financial year 2008-09.

- 1 As the governing body of Anglia Ruskin University, the Board has responsibility for maintaining a sound system of internal control that supports the achievement of policies, aims and objectives, while safeguarding the public and other funds and assets for which we are responsible, in accordance with the responsibilities assigned to the governing body in the instrument and articles and the Financial Memorandum with the HEFCE.
- 2 The system of internal control is designed to manage rather than eliminate the risk of failure to achieve policies, aims and objectives; it can therefore only provide reasonable and not absolute assurance of effectiveness.
- 3 The system of internal control is based on an ongoing process designed to identify the principal risks to the achievement of policies, aims and objectives, to evaluate the nature and extent of those risks and to manage them efficiently, effectively and economically. This process has been in place for the year ended 31 July 2009 and up to the date of approval of the financial statements, and accords with the HEFCE guidance.
- 4 As the governing body, the Board has responsibility for reviewing the effectiveness of the system of internal control. The following processes have been established:
 - a The Board meets four times a year to consider the plans and strategic direction of the institution.
 - b The Board receives regular reports from the Chairman of the Audit & Compliance Committee concerning internal control, and additionally regular reports from managers on the steps being taken to manage risks in their areas of responsibility, including progress reports on key projects.
 - c The Board has requested that the Audit & Compliance Committee has oversight of the risk management programme.
 - d The Audit & Compliance Committee receives regular reports from the Internal Audit Service, which include internal audit's independent opinion on the adequacy and effectiveness of the institution's system of internal control, together with recommendations for improvement.
 - e A system of key performance and risk indicators has been developed and the Board has requested the internal auditors to ensure that the methodology conforms to Government Internal Audit Standards (GIAS) and the latest professional standards in the adoption of risk management methodology.
 - f A robust risk prioritisation methodology based on risk ranking has been established.
 - g A corporate risk register is maintained. Academic Faculties and Support Services determine their own as part of a consultative process. All registers are regularly reviewed and updated.
 - h Training has been implemented to ensure that appropriate staff receive adequate training in risk management techniques.
 - i Reports are received from budget holders, support service heads and project managers on internal control activities and risk management has been fully incorporated into the corporate planning and decision making of Anglia Ruskin University.
 - j During the year the internal auditors specifically reviewed the effectiveness of the risk management system and found it to be substantially sound.

The work of internal audit is informed by an analysis of the risks to which Anglia Ruskin University is exposed, and annual internal audit plans are based on this analysis. The Board endorses the analysis of risks and the internal audit plans on the recommendations of the Audit & Compliance Committee. Several times during the year the internal auditors provide to the Audit & Compliance Committee reports on the internal audit activity in Anglia Ruskin University. The reports include independent opinion on the adequacy and effectiveness of Anglia Ruskin University's systems of internal control, including internal financial control.

RESPONSIBILITIES OF THE BOARD OF GOVERNERS

for the year ended 31 July 2009

The Board's review of the effectiveness of the system of internal financial control is informed by the work of the internal auditors, the Audit & Compliance Committee which oversees the work of the internal auditors, the senior management within Anglia Ruskin University who have responsibility for the development and maintenance of the financial control framework and comments made by the external auditors in their management letter and other reports.

Anglia Ruskin University currently contracts out its internal audit service. This operates to standards defined within the HEFCE Audit Code of Practice.

The Education Reform Act 1988 as amended in 1991 vests the custody and control of all assets and affairs in the Board of Governors of Anglia Ruskin University. The Financial Memorandum with the Higher Education Funding Council for England requires the Board of Governors to ensure that financial statements are prepared for each financial year which give a true and fair view of the state of affairs of Anglia Ruskin University and Group and of the income and expenditure, cash flows and recognised gains and losses of the group for that period.

Under Anglia Ruskin University's Financial Regulations, the Board of Governors requires the Finance and General Purposes Committee on its behalf to:

- **approve and recommend to the Board of Governors Anglia Ruskin University's annual budgets and longer term financial projections and to monitor performance against budget;**
- **recommend approval of Anglia Ruskin University's financial statements to the Board of Governors;**
- **approve systems of internal financial control and accounting;**

In causing the financial statements to be prepared, the Audit and Compliance Committee, on behalf of the Board of Governors, ensure that:

- **suitable accounting policies are selected and then applied consistently;**
- **judgements and estimates are made that are reasonable and prudent;**
- **applicable accounting standards and statements of recommended practice are followed, subject to any material departures disclosed and explained in the financial statements;**
- **the financial statements are prepared on the going concern basis unless it is inappropriate to presume that Anglia Ruskin University will continue in operation. The Board of Governors is satisfied that Anglia Ruskin University has adequate resources to continue in operation for the foreseeable future: for this reason the going concern basis continues to be adopted in the preparation of the financial statements.**

On behalf of the Board of Governors, Anglia Ruskin University's Finance and General Purposes Committee is responsible for ensuring that proper accounting records are kept which disclose, with reasonable accuracy, at any time the financial position of Anglia Ruskin University and for enabling it to ensure that the financial statements comply with the Higher Education Funding Council for England's Financial Memorandum and the Statement of Recommended Practice on

Accounting for Further and Higher Education Institutions. It is also responsible for ensuring that the assets of the group are safeguarded and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

In so far as the Governors are aware:

- **There is no relevant information of which the University's auditor is unaware; and**
- **The Governors have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditor is aware of that information.**

Members of the Board of Governors are responsible for ensuring that funds from the Higher Education Funding Council for England are used only in accordance with the Financial Memorandum with the Council and any other conditions which the Council may from time to time prescribe. Members of the Board of Governors must ensure that there are appropriate financial and management controls in place sufficient to safeguard public funds and ensure that they are only used in accordance with the conditions under which they have been made available. In addition, members of the Board of Governors are responsible for promoting the economic, efficient and effective management of Anglia Ruskin University's resources and expenditure, so that the benefits derived from the application of public funds provided by the Council are not put at risk.

The Board is committed to ensuring the health and safety of its staff, students and all who come into contact with its operations, and commissions regular independent audits of its health and safety arrangements. These audits have shown that Anglia Ruskin's health and safety management has consistently improved over recent years, and has been recognised by RoSPA by the issue of a Level 4 Award, the highest award currently held by any British University.

INDEPENDENT AUDITOR'S REPORT TO THE BOARD OF GOVERNORS for the year ended 31 July 2009

We have audited the Group and University consolidated financial statements ("the consolidated financial statements") of Anglia Ruskin University for the year ended 31 July 2009 which comprise the Group Income and Expenditure Account, Group Balance Sheet and University Balance Sheet, Group Cash Flow Statement and the related notes. The financial reporting framework that has been applied in their preparation is applicable law and the Statement of Recommended Practice: Accounting for Further and Higher Educational Institutions.

This report is made solely to Anglia Ruskin University's Board of Governors and the Funding Bodies. Our audit work has been undertaken so that we might state to these stakeholders those matters we are required to state to them in the auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than Anglia Ruskin University, its Board of Governors and the Funding Bodies, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of the Governing Body and Auditor

As explained more fully in the Responsibilities of the Board of Governors statement on page 10, the governing body is responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit the consolidated financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's (APB's) Ethical Standards for Auditors.

We read the members' report of the Board of Governors and consider the implications for our report if we became aware of any apparent misstatements within it.

Scope of the audit of the consolidated financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of whether the accounting policies are appropriate to the Group's and the University's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the Governing Body; and the overall presentation of the financial statements.

Opinion on consolidated financial statements

In our opinion the consolidated financial statements:

- i give a true and fair view of the state of affairs of the Group and University as at 31 July 2009 and of the surplus of income over expenditure, recognised gains and losses and statement of cash flows of the Group for the year then ended; and**
- ii have been properly prepared in accordance with the Statement of Recommended Practice: Accounting for Further and Higher Educational Institutions; and**
- iii in all material respects, income from the Higher Education Funding Council for England and the Training and Development Agency for Schools, grants and income for specific purposes and from other restricted funds administered by Anglia Ruskin University have been applied only for the purposes for which they were received; and**
- iv in all material respects, income has been applied in accordance with Anglia Ruskin University's statutes and where appropriate with the Financial Memorandum issued in June 2008 and effective from 1 August 2008 with the Higher Education Funding Council for England and with the Funding Agreement dated July 1998 with the Training and Development Agency for Schools; and**
- v the information given in the members' report of the Board of Governors is consistent with the financial statements.**

SCRUTTON BLAND
Accountants and Statutory Auditor
820 the Crescent
Colchester Business Park

Essex
CO4 9YQ

STATEMENT OF PRINCIPAL ACCOUNTING POLICIES

for the year ended 31 July 2009

1. Accounting Convention

The financial statements have been prepared under the historical cost convention, as modified by the revaluation of certain land and buildings and endowment investments, and in accordance with both the Statement of Recommended Practice; Accounting for Further and Higher Education Institutions (SORP) and applicable Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

2. Basis of Consolidation

The financial statements consolidate the accounts of Anglia Ruskin University and all its subsidiaries for the financial year to 31 July 2009.

The consolidated financial statements do not include those of Anglia Ruskin University Students' Union as it is a separate unincorporated association in which Anglia Ruskin University has no financial interest. Anglia Ruskin University has no control or significant influence over policy decisions of the Union.

The consolidated financial statements include endowments in respect of the Anglia Trust. The capital and income of the Anglia Trust is held by the Trustees to be applied towards advancing the education of students attending Anglia Ruskin University.

3. Recognition of Income

Income from Donations, Research Grants, Contracts and Other Services Rendered is included to the extent of the expenditure incurred during the year, together with any related contributions towards overhead costs. All income from short-term deposits is credited to the Income and Expenditure Account on an accruals basis.

4. Pension Schemes

The pension schemes for Anglia Ruskin University's staff are the Teachers' Pension Scheme (TPS) and the Local Government Pension Scheme (LGPS) (Essex County Council). The schemes are defined benefit schemes which are contracted out of the State Earnings Related Pension Scheme. Pension costs are assessed on the latest actuarial valuations of the Schemes and are accounted for on the basis of charging costs of providing pensions over the period during which Anglia Ruskin University benefits from the employees' services.

Anglia Ruskin University is unable to identify its share of the underlying assets and liabilities of the TPS scheme on a consistent and reasonable basis and therefore, as required by FRS 17 "Retirement Benefits", accounts for the scheme as if it were a defined contribution scheme. As a result, the amount charged to the income and expenditure account represents the contributions payable to the scheme in respect of the accounting period.

FRS 17 requires the assets of defined benefit pension schemes, such as the LGPS to be measured at market value at each balance sheet date, and the liabilities to be measured using a specific valuation method and to be discounted using a corporate bond rate. Any resulting share of the pension scheme surplus or deficit is recognised on the balance sheet. Any resulting gains and losses are recognised in the statement of total recognised gains and losses rather than being recognised gradually in the income and expenditure account.

5. Foreign Currencies

Transactions denominated in foreign currencies are recorded at the rate of exchange ruling at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are translated into sterling at year end rates. The resulting exchange differences are dealt with in the determination of income and expenditure for the financial year.

6. Leases

Fixed assets held under finance leases and the related lease obligations are recorded in the Balance Sheet at the fair value of the leased assets at the inception of the lease. The excess of lease payments over recorded lease obligations are treated as finance charges which are amortised to give a constant rate of charge on the remaining balance of the obligations.

Rental costs under operating leases are charged to expenditure in equal annual amounts over the periods of the leases.

7. Land and Buildings

As a consequence of the Education Reform Act 1988, the freehold and leasehold interests in properties occupied by Anglia Ruskin University previously held by the respective Local Education Authorities were formally transferred to Anglia Ruskin University effective from 1 April 1989.

The LEA transferred assets were valued on transfer and revalued on 31 March 1993 by Chartered Surveyors on the basis of open market value for existing use, or where this was not practicable, depreciated replacement cost. Assets earmarked for redevelopment were valued in 2000 at their most likely open market value for alternative use, following professional advice.

New projects, including additions and alterations, are stated at cost. Where buildings were acquired with the aid of specific grants they are capitalised and the related grants are treated as deferred capital grants and released to income over the expected useful life of the buildings.

Land, with the exception of the Rivermead Student Village which is held on a long lease, is held freehold by the group. Land is not depreciated as it is considered to have an indefinite useful life. Buildings, alterations and additions are depreciated, on a straight line basis, over their expected useful lives of 10-50 years.

The transitional rules under FRS15 have been adopted removing the requirement to periodically revalue the properties.

8. Equipment, Furniture & Fittings

Equipment, furniture & fittings including computers and software, costing less than £25,000 per individual item or group of related items is written off in the year of acquisition. All other equipment, furniture & fittings is capitalised.

Capitalised equipment, furniture & fittings is stated at cost and depreciated, on a straight line basis over its expected useful life, as follows:

Equipment - University	5 years
Equipment - Subsidiary Companies	10 years
Furniture & Fittings - University	5 years
Furniture & Fittings - Subsidiary Companies	10 years

Where equipment is acquired with the aid of specific grants it is capitalised and depreciated as above. The related grant is treated as a deferred capital grant and released to income over the expected useful life of the equipment.

9. Goodwill arising on consolidation

Purchased goodwill arising on the acquisition of HSHS Limited is amortised over the period of its estimated economic useful life. This is considered to be a period of six years from the date of acquisition. On the transfer of assets and undertaking from HSHS Limited to Anglia Ruskin University, the goodwill was transferred at an amount equivalent to its value in the consolidated financial statements.

Following the acquisition of Ixion Holdings Limited during the year ended 31 July 2008, Anglia Ruskin University's interest in the net fair value of the net assets over cost was released in full within the consolidated Income and Expenditure Account for that year as an exceptional item. Further details are provided within note 13.

10. Investments

Endowment Asset Investments are included in the Balance Sheet at market value. Other investments are stated at the lower of cost and net realisable value.

11. Stocks

The balance sheet includes the value of stocks in the refectories and centre stores. Stocks held in departments are written off to the Income and Expenditure Account in the year of purchase. Stocks are stated at the lower of cost or net realisable value.

12. Maintenance of Premises

Anglia Ruskin University has a ten year rolling maintenance plan which is reviewed on an annual basis. Costs are accounted for when the maintenance is undertaken.

13. Scholarships

Those scholarships that pass through the income and expenditure account are accounted for within expenditure, rather than being included as a deduction within net income, in all instances where payment is conditional upon academic progress.

14. Taxation Status

Anglia Ruskin University is an exempt charity within the meaning of the Charities Acts 1993 and 2006 and as such is a Charity within the meaning of Section 506 (1) of the Taxes Act 1988. Accordingly, Anglia Ruskin University is potentially exempt from taxation in respect of income or capital gains received within categories covered by Section 505 of the Taxes Act 1988 or Section 256 of the Taxation of Chargeable Gains Act 1992 to the extent that such income or gains are applied exclusively to its charitable purposes.

Anglia Ruskin University receives no similar exemption in respect of Value Added Tax. Anglia Ruskin University is a partially exempt organisation for VAT purposes and consequently input tax on its purchases is largely irrecoverable.

Subsidiary Companies and joint venture companies are not subject to these exemptions and are liable for Corporation Tax. Gift Aid is in place to transfer taxable profits from the Subsidiaries to Anglia Ruskin University.

15. Financial Instruments

Financial instruments are classified and accounted for, according to the substance of the contracted arrangement. These are classified as either: financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities.

Consolidated Income and Expenditure Account for the year ended 31 July 2009

	Note	2009 Group £000	2009 University £000	As Restated 2008 Group £000	As Restated 2008 University £000

		74,472	66,885	64,068	61,335

Emoluments of the Vice Chancellor:

	2009 £000	2008 £000
Salary	239	231
Benefits in kind	11	10
	250	241
Pension contribution	33	32
	283	273

The salary and benefits of the Vice Chancellor are shown on the same basis as for higher paid staff. Anglia Ruskin University's pension contribution to the Teachers' Pension Scheme is paid at the same rate as for other academic staff.

Notes to the Accounts for the year ended 31 July 2009

Salary and benefits of other higher paid staff, whose annual remuneration exceeds £100,000, excluding employer's pension contributions:

	2009 Group Number	2008 Group Number
£100,000-£109,999	3	-
£110,000-£119,999	2	4
£120,000-£129,999	-	1
£130,000-£139,999	3	-
£140,000-£149,999	2	-
	10	5

The average monthly number of staff (including senior post holders) employed by the University and its subsidiaries during the year, expressed as full time equivalents, was:

	2009 Number	2008 Number
Teaching departments	1,099	1,034
Teaching support services	299	250
Administrative and central services	289	187
Premises	98	96
Other income generating activities	20	17
Catering and residences	77	88
	1,882	1,672

Average staff numbers by major category:

Academic and Research	700	650
Administrative and Support	1,182	1,022
	1,882	1,672

Staff costs for above persons

	£000	£000
Teaching departments	46,200	42,473
Teaching support services	10,006	8,338
Administrative and central services	11,493	7,486
Premises	3,345	2,622
Other income generating activities	778	571
Catering and residences	1,501	1,377
FRS 17 adjustment, note 28	1,149	1,201
	74,472	64,068

Staff costs for above persons by major category

	£000	£000
Academic and Research	37,186	33,217
Administrative and Support	36,137	29,650
FRS 17 adjustment, note 28	1,149	1,201
	74,472	64,068

Staff costs and staff numbers for the Group include those of our wholly owned subsidiaries and joint venture companies where we have a dominant influence. For 2009 these include Ixion Holdings, University Centre Peterborough and University Centre King's Lynn. (see note 12 for further detail)

Assets held at valuation

As a consequence of the Education Reform Act 1988, freehold interests in land and buildings occupied by the University previously held by the respective Local Education Authorities were formally transferred to the University effective from 1 April 1989.

The aggregate costs of these assets is £nil. These assets were last valued by Tim Matthews Associates, Chartered Surveyors & Property Consultants on 31 March 1993. They were valued on the basis of open market value for continuing educational use.

Leasehold Land and Buildings

The charge for depreciation of leasehold land and buildings of £139,749 (2008: £139,749) is in respect of assets held under a finance lease.

At 31 July 2009 the net book value of the assets held under a finance lease was £6,468,460 (2008: £6,608,209).

Notes to the Accounts for the year ended 31 July 2009

Anglia Ruskin University holds all the issued share capital of its subsidiary companies as follows:

Anglia Ruskin Enterprise Ltd	- 100 £1 ordinary shares
Anglia Ruskin Development Ltd	- 7,048,000 £1 ordinary shares
HSHS Ltd	- 170,000 £1 ordinary shares

Anglia Ruskin Enterprise Ltd carries out trading activities on the premises owned by the University. The main activity of the other subsidiaries relates to property ownership, maintenance and management.

The investment in joint venture companies is as follows:

Anglia Distance Learning Ltd	- 2 £1 ordinary shares representing 50% of the share capital
-------------------------------------	---

The principal activity of Anglia Distance Learning Ltd is the provision of continuing professional development courses for health science professionals. Anglia Ruskin University is the parent company of Rectory Lane Properties Ltd, a company limited by guarantee, which has been dormant since its incorporation on 20 May 1999.

Anglia Ruskin University is the parent company of Anglia Environmental Ltd, a company limited by guarantee.

Anglia Environmental sources finance from companies deriving benefit from landfill tax legislation to fund and carry out research in the field of waste management. This company has now ceased trading and is effectively dormant.

Anglia Ruskin Development Ltd holds all the issued share capital of its subsidiary company as follows:

Bishop Hall Properties Ltd	- 2,600,040 £1 ordinary shares
-----------------------------------	---------------------------------------

Anglia Ruskin Enterprise Ltd holds all the issued share capital of its subsidiary company as follows:

Network Planning and Maintenance Anglia Ltd	- 2 £1 ordinary shares
--	-------------------------------

Anglia Ruskin University has two further subsidiary undertakings following joint venture agreements in respect of Peterborough Regional College and the College of West Anglia. Although Anglia Ruskin University is a 50% party to each of these joint venture arrangements, these are accounted for as subsidiary undertakings under Financial Reporting Standard 2 "Subsidiary Undertakings". This arises from Anglia Ruskin University's dominant influence enshrined in the articles of association. The companies were dormant until 31 July 2008.

Anglia Ruskin University is the parent company of Ixion Holdings Ltd, a company limited by guarantee. Ixion Holdings Ltd joined the Anglia Ruskin Group on 23rd July 2008. The Ixion Group specialises in the delivery of government initiatives by providing business support aimed at fostering business growth and entrepreneurialism. The Ixion Group prepares its financial statements to 31 March. Management figures have been used where required to incorporate the results to 31 July.

Ixion Holdings Limited holds all the issued share capital in the following subsidiary undertakings:

Essex Business Support Limited	- 101 £1 ordinary shares
Ixion Business Limited	- 100 £1 ordinary shares

Ixion Holdings Limited also has the following interest in a joint venture company:

East of England IDB Limited	-50 £1 ordinary shares representing 50% of the share capital
------------------------------------	---

Anglia Ruskin University's investment in HSHS was reviewed following the transfer of activities from the subsidiary undertaking to Anglia Ruskin University during the year ended 31st July 2008. As a result of this transfer, £2,330,000 of gift aid became receivable by Anglia Ruskin University from HSHS. Following this review, an entry reflecting the remaining value of the value of this investment was processed as an impairment within Anglia Ruskin University's figures. Due to its exceptional size and incident, this matter was included within Exceptional Items in the Income and Expenditure Account (Note 9) during the year ended 31 July 2008.

A loan facility of £72m (University £67.2m; ARD £4.8m) was agreed with Lloyds TSB in December 2006, of which £35.2m was drawn down as at 31 July 2009. £20m of this loan is fixed at an all inclusive rate (including margin) of 5.325%, interest only for five years, then repayable over 100 instalments over 25 years. The remainder of the loan is currently on a variable rate. Terms have been agreed at 22 basis points above base, interest only for five years, then repayable over 100 quarterly payments (25 years). The new loan facility is secured with an unlimited guarantee.

The finance lease is repayable by quarterly instalments which escalate on an annual basis by 3.5%.

Transfer from income & expenditure account	2,164	2,106
	4,270	2,106
Total Provision for Liabilities and Charges	8,179	6,287

The pension provision is a SSAP 24 provision in respect of enhanced pension entitlements of staff taking early retirement from 1989 to date. The provision also includes accrued liabilities in respect of the strain placed on TPS funds (see note 28 for further details).

The University is in discussions with HEFCE over the approach to the determination of the funding status of some groups of students. As at the date that these Financial Statements were signed, data has been submitted to HEFCE showing an adjustment to core funding of £2,106k in 2007-08 and £2,164k in 2008-09 and a provision has been made for this amount. There is a possibility that this figure may be subject to change if HEFCE does not accept the parameters the University has used in its calculation. Were this situation to arise it is unlikely to change by more than +/- 5%. (See also note 33).

24. Contingent Liabilities

Financial Support

Anglia Ruskin University has, to the extent permitted by law, agreed to meet any remaining liabilities incurred in the ordinary course of business of its subsidiary companies, should any of the companies discontinue to trade. Such support is confirmed on an annual basis.

Anglia Ruskin University has specifically guaranteed a bank loan of £250.0k and an overdraft facility of £30.0k from Lloyds TSB bank to the Students' Union.

Anglia Ruskin University has also specifically guaranteed bank loans of £4.8m from Lloyds TSB to Anglia Ruskin Development Limited.

28. Pension Arrangements of the Group

Anglia Ruskin University's employees belong to two principal pension schemes, the Teachers' Pension Scheme (TPS) and the Essex County Council Local Government Pension Scheme (LGPS), which are of the defined benefit type.

The Group also administers a stakeholder pension scheme.

Total pension cost for the year	2009	2009	2008	2008
	Group £000	University £000	Group £000	University £000
TPS: contributions paid	3,673	3,673	3,521	3,521
LGPS:				
Contributions paid	3,362	3,362	2,912	2,912
FRS 17 charge	1,149	1,149	1,201	1,201
	4,511	4,511	4,113	4,113
Other: contributions paid	233	3	45	3
Total pension charge to Income and Expenditure Account (staff costs)	8,417	8,187	7,679	7,637

TPS

The TPS is an unfunded scheme. Contributions on a 'pay-as-you-go' basis are credited to the exchequer under arrangements governed by the Superannuation Act 1972. Actuarial valuations are carried out on a notional set of investments.

Under the definitions set out in Financial Reporting Standard (FRS) 17 Retirement Benefits, the TPS is a multi-employer pension scheme. Anglia Ruskin University is unable to identify its share of the underlying (notional) assets and liabilities of the scheme. Accordingly, Anglia Ruskin has taken advantage of the exemption in FRS 17 and has accounted for its contributions to the scheme as if it were a defined contribution scheme. Anglia Ruskin University has set out below the information available on the scheme and the implications for the University in terms of the anticipated contribution rates.

The pensions cost is assessed every three to four years in accordance with the advice of the government actuary. The assumptions and other data that have the most significant effect on the determination of the contribution levels are as follows:

Latest actuarial valuation	31 March 2004
Actuarial method	prospective benefits
Investment returns per annum	6.5%
Salary scale increases per annum	5.0%
Pension increase per annum	2.8%
Value of notional assets at date of last valuation (the Account) (estimated future contributions together with notional investments held at 31 March 2004)	£164,490 million
Value of notional liabilities at date of last valuation (pensions currently in payment and the estimated estimated future costs of benefits)	£162,650 million
Balance of Scheme assets and liabilities at 31 March 2004	£(1,840) million
Proportion of members' accrued benefits covered by the notional value of the assets	98.88%

The total in the Account as at 31 March 2004 has been determined as the difference between the scheme liabilities and the value of future scheme contributions. From that date the Account will be credited with a rate of return which is equivalent to it assuming that the balance in the Account is invested in notional investments producing that rate of return.

Following the implementation of the Teacher's Pension (Employer's Supplementary Contributions) Regulations 2000, the Government Actuary carried out a further review on the level of employer contributions. For the period from 1 August 2008 to 31 July 2009 the employer contribution was 14.1%. The employee rate was 6.4% for the same period. These rates are the same as the previous year. An appropriate provision in respect of unfunded pensioners' benefits is included in provisions.

The total Group contributions made for the year ended 31 July 2009 were £5,339,791 (2008: £5,183,611), of which employers' contributions totalled £3,672,819 (2008: £3,521,520) and employees' contributions totalled £1,666,972 (2008: £1,662,092).

LGPS

The LGPS is a funded scheme, with the assets held in a separately administered fund.

The pension costs are assessed in accordance with the advice of independent qualified actuaries, Watson Wyatt, using the projected unit method. The latest actuarial valuation was at 31 March 2007.

The total Group contributions made for the year ended 31 July 2009 were £4,883,027 (2008: £4,191,824), of which employers' contributions totalled £3,362,182 (2008: £2,912,287) and employees' contributions totalled £1,520,845 (2008: £1,279,537).

Employees rates vary between 5.5% and 7.5%, based on the employee salary bands.

The employer rate from April 2008 is 10%, for 2009-10 it will be 10.8% and for 2010-11 it will increase to 11.5%

Notes to the Accounts for the year ended 31 July 2009

28. Pension Arrangements of the Group continued

(a) The assets in the scheme and the expected rate of return

The expected rate of return on plan assets is based on market expectations, at the beginning of the period, for investment returns over the entire life of the related obligation. The assumption used is the average of the following assumptions appropriate to the individual asset classes weighted by the proportion of the assets in the particular asset classes. The rates quoted are gross of expenses.

	Long term rate of return expected at 31 July 2009	Value at 31 July 2009 £000	Long term rate of return expected at 31 July 2008	Value at 31 July 2008 £000
Equity	7.50%	37,905	7.50%	37,078
Government bonds	4.50%	3,079	4.80%	4,973
Other bonds	5.80%	4,619	5.90%	4,108
Property	6.50%	4,035	6.50%	5,459
Cash	0.50%	3,451	5.00%	2,432
Total Market value of assets	6.65%	53,089	6.94%	54,050
Present value of scheme liabilities		(94,170)		(93,747)
Deficit in scheme		(41,081)		(39,697)

(b) Actuarial assumptions

A FRS 17 valuation was carried out 31 July 2009 by a qualified actuary.

The major assumptions used by the actuary were:

At 31 July	2009	2008
Rate of increase in salaries	5.20%	5.30%
Rate of increase in pension payments	3.70%	3.80%
Discount rate	6.30%	5.90%
Inflation assumptions	3.70%	3.80%
Investment returns per annum	6.65%	6.94%

The current mortality assumptions include sufficient allowance for future improvements in mortality rates. The assumed life expectations on retirement age 65 are:

Retiring today		
Males	22.00	22.00
Females	24.90	24.80
Retiring in 20 years		
Males	23.10	23.10
Females	25.90	25.90

(c) Assets and Liability Reconciliation

	£000	£000
Reconciliation of Liabilities		
Liabilities at the start of the year	93,747	75,887
Current service cost	4,564	3,264
Interest cost	5,650	4,482
Employee contributions	1,553	1,276
Experience (gains) and losses on scheme liabilities	-	(616)
Actuarial (gain)/loss on liabilities	(9,457)	10,048
Benefits paid	(2,092)	(1,767)
Past service cost	-	856
Curtailment and settlements	205	317
Liabilities at the end of the year	94,170	93,747
Reconciliation of Assets		
Assets at the start of the year	54,050	56,171
Expected return on assets	3,661	3,841
Actuarial loss on assets	(7,703)	(8,707)
Employer contributions	3,620	3,236
Employee contributions	1,553	1,276
Benefits paid	(2,092)	(1,767)
Assets at the end of the year	53,089	54,050

28. Pension Arrangements of the Group continued

	Note	2009 £000	2008 £000	2007 £000	2006 £000
(d) History of experience gains and losses					
Actuarial (loss)/gain on assets		(7,703)	(8,707)	2,279	(3,225)
Actuarial gain/(loss) on liabilities		9,457	(10,048)	1,060	1,954
Other			669	203	(220)
Total gain/(loss) recognised in the statement of total recognised gains and losses		1,754	(18,086)	3,542	(1,491)
(e) Analysis of amounts charged to interest payable					
Expected return on pension scheme assets		3,661	3,841		
Interest on pension scheme liabilities		(5,650)	(4,482)		
	8	(1,989)	(641)		

Early retirement costs met by Anglia Ruskin University

The University holds a SSAP 24 provision in respect of enhanced pension entitlements of staff taking early retirement. Interest of £194k has been charged to the income and expenditure account. The provision is released against the cost to Anglia Ruskin of enhanced pension entitlements over the estimated life expectancy of each relevant employee.

The calculation of the cost of early retirement charged to the income and expenditure account in the year of retirement is based on the total capital cost of providing enhanced pensions with allowance for future investment returns at 4.5% in excess of price inflation.

A requirement for the employer to meet the cost of the strain placed upon the funds from early retirements was introduced from 1 April 1996 for the LGPS and 1 July 1997 for the TPS. In the case of the latter, a provision is also made under SSAP 24 for liabilities accrued in this respect. Liabilities incurred in this regard for the LGPS fund are paid in the year they are accrued.

Notes to the Accounts for the year ended 31 July 2009

	2009 £000	2008 £000
29. Opportunity Bursaries and Hardship Funds		
Funding Council Grants	666	813
Interest earned	2	11
	668	824
Disbursed to students	673	897
Balance brought forward	5	78
Balance carried forward	-	5
Balance repayable to Hefce	-	-
30. ITT Training Bursaries		
Funding Council Grants	904	1,278
Disbursed to students	912	1,170
Balance (due from)/repayable to Training & Development Agency	(8)	108

31. Bursaries

Anglia Ruskin University is the paying agent on behalf of NHS Executive in respect of grants made available solely for students studying for nursing. The grants are related disbursements and are therefore excluded from the income and expenditure account.

32. Restatement of 2008 Accounts

The 2008 accounts have been restated where applicable for reasons of comparability.

33. Prior year adjustment

A prior year adjustment of £2,106,000 has been reflected in the financial statements to account for the potential overpayment of 2007-08 HEFCE grant income. This relates to overfunding for students who contentiously failed to meet the rules set out within the HES08 guidance. Discussions are on-going with HEFCE, seeking confirmation of the full amount of grant which may be withheld as a result. It is important to note that this is a sector wide issue which will affect a number of Universities.

This has been accounted for within exceptional items, with an equivalent entry for a potential overpayment of £2,164,000 grant income for the year ended 31 July 2009.

ANGLIA RUSKIN UNIVERSITY AND ADVISERS FOR THE YEAR ENDED 31 JULY 2009

Chancellor

Lord Ashcroft KCMG

Board of Governors

Chair

Ms Kate Barker CBE i), vi), vii)

Deputy Chair

Dr Chris Nicholls CBE v)

Governors

Ms Marcia Baldry
Mr John Brewster (until November 2008)
Mr Adrian Chaffey
Mr N Evangelista (from July 2008)
Mr Greg Grant ii)
Ms Trisha Gupta MBE iv)
Mr Andy Hayman QPM CBE
Ms Margaret Hyde (from November 2008)
Mrs Shirley Jamieson iii)
Mr Ian McManus
Mr Christopher Menzies (until July 2008)
Mr George Miall
Mr Jafar Mirza OBE
Mrs Margaret O'Quigley (from November 2008)
Mr John Ross
Sir David Rowlands KCB (from November 2008)
Mr Peter Simpson
Mr Roger Swain
Mr Jonathan Swan JP
Prof Michael Thorne
Lord Tomlinson
Mr Frankie Whiffen (until July 2008)

Clerk to the Board of Governors

Mr Stephen Bennett

Deputy Clerk to the Board of Governors

Ms Elizabeth Collier

-
- i) Chair of Finance and General Purposes Committee
 - ii) Chair of Audit and Compliance Committee
 - iii) Chair of Student Matters Committee
 - iv) Chair of Employment Committee
 - v) Chair of Capital Projects Steering Group
 - vi) Chair of Nominations Committee
 - vii) Chair of Remuneration Committee

Executives of the University
