

ANGLIA RUSKIN UNIVERSITY

Submission Deadlines 2018/19

Learning and teaching periods are standardised across Anglia Ruskin and its Associate Colleges (franchised delivery) in the UK and overseas - see www.anglia.ac.uk/newltps for more information. It is therefore essential that the marking and moderation processes are completed in time to ensure that the outcomes can be considered by the appropriate Modular Assessment Panel (MAP).

Therefore, the dates that can be set by Module Leaders for submission deadlines in each period (Semester or Trimester) are detailed below. Earlier deadlines can be set for taught modules (not Major Projects) but later deadlines are not permitted. Deadline dates are also provided for the corresponding resit periods. These dates must be set by the MAP when agreeing a student requires re-assessment.

The full academic calendar for each academic year is available at www.anglia.ac.uk/calendar.

PAUL BAXTER **Academic Registrar, September 2018**

¹ Any Semester/Trimester 1 and/or Semester/Trimester 2 assessment that remains outstanding at the end of the 2018/19 academic year (eg: due to successful mitigation claims/appeals during 2018/19) is carried into the 2019/20 academic year. Such assessment will be scheduled for completion during Trimester 1 of 2019/20 with a final deadline of 20/12/2019.

² For HEMS only – deadlines for the special periods SEM1X and SEM2X are as detailed above for Semester 1 and Semester 2 respectively. The extended nature of the periods is to accommodate placements which exceed the regular teaching period and is NOT designed to allow later deadlines to be set for related academic assessment tasks.

³ 2/8/2019 for modules delivered on a TRI2-3 or TRI1-3 delivery pattern.
