

## Learning and Teaching Periods Mapped to Assessment Periods (core Anglia Ruskin and UK delivery only) <sup>1</sup>

Period <sup>2</sup>	Teaching	First Assessment		Re-assessment	
		<i>Assessment tasks undertaken by students (final submission dates/ examinations)</i>	<i>Assessment Meetings (DAPs, Mitigation Panel, Student Reviews and Awards Board)</i>	<i>Assessment tasks undertaken by students (final submission dates and examinations)</i>	<i>Assessment Meetings (DAPs, Mitigation Panel, Student Reviews and Awards Board)</i>
Semester 1 (SEM1)	September - December	December / January	January / February	July	July / August
Semester 2 (SEM2)	February - May	May / June	June / July		
Trimester 1 (TRI1)	September - December	December / January	January / February	July	July / August
Trimester 2 (TRI2)	February - May	May / June	June / July		
Trimester 3 (TRI3) <sup>3</sup>	June - August	August	September	December / January	January / February

<sup>1</sup> Additional assessment cycles are held in late February/March and October to accommodate delivery of Anglia Ruskin modules and courses at international Associate Colleges. Visit [www.anglia.ac.uk/newltps](http://www.anglia.ac.uk/newltps) for more information.

<sup>2</sup> Any module taught and assessed over a double period follows the structure for the latter period (eg: for a module delivered and assessed over Semesters 1 and 2 (identified as SEM1-2), assessment is considered under the Semester 2 structure outlined above).

<sup>3</sup> **Exception:** Postgraduate Major Project modules which are delivered and completed in Trimester 3 will have a standard submission deadline of the last Friday in September, in recognition of the nature of the modules (ie: a later deadline than for all other taught Trimester 3 modules). Therefore, the assessment of Major Project modules is not be processed as part of the Trimester 3 assessment cycle but will, instead, be considered during a special assessment cycle in November/December in the following academic year. Visit [www.anglia.ac.uk/newltps](http://www.anglia.ac.uk/newltps) for a fuller explanation.
